PROFESSIONAL SUMMARY

Product Designer and Front-End Developer with 2 years of experience in user-centered design and responsive React development. Skilled across the full UX process, from research and wireframing to high-fidelity prototyping, with hands-on experience leading development teams and shipping web products.

EDUCATION

University of California, Davis

B.A. in Design, Minor in Computer Science | GPA:3.1/4.0

May 2027

RELEVANT COURSEWORK & CERTIFICATIONS

Google UX Design Professional Certificate, UI/UX Wireframing and Prototyping with Figma Certificate, UI/UX Design: Principle and Practices, Graphic Design & Computer Technology, Forms & Color |Intro to AI,| Intro to 3D Modeling

PROJECTS & EXPERIENCE

Design Cohort & Photographer Manager

#Include Davis Design Club

Jan 2026 - Present

- Collaborated with 8 multidisciplinary designers to redesign the Juvenile Caduceus Clinic, delivering research, competitive audit, user persona, user flow, low-high fidelity prototypes
- Designed and developed the clinic homepage from concept to launch, improving clarity and accessibility while managing social media visuals, photographing and editing images of 40+ members using Adobe Lightroom.

Full-Stack Developer

Personal Project(<https://project-campusconnect.vercel.app/>)

Jun 2024 - Sep 2024

- Built a student service-sharing platform in React and Tailwind CSS, implementing authentication, provider listings, and appointment booking.
- Validated filtering and display logic using mock data to ensure robust state management ahead of database integration.

Temple Coffee Shop Parklet

Industrial Design Group Project

Mar 2026 - Jun 2026

- Designed an accessible parklet with a three-person team for Temple Coffee in Downtown Davis, incorporating seating and shade to improve user experience.
- Developed individual concept sketches, collaborated on iterative 3D modeling and design refinement in Rhino, and translated the final concept into physical cardboard prototypes through laser cutting.

Web Development Project Manager

ColorStack

Jan 2025 - Dec 2025

- Led 5 developers over one year to build web-based projects, running weekly work sessions and defining sprint goals.
- Directed project meetings by creating agendas and tracking deliverables to improve team accountability and work flow

UC Davis Undergrad Research Conference

Group Project

Sept 2024 - Apr 2026

- Designed a retrofit mouthpiece for water fountains in Sacramento, adding a bottle-filling spout while preserving standard drinking functionality.
- Presented our research, prototypes, and final product to 400+ attendees at the 26th UC Davis Undergraduate Research Conference.
